

Stark® Tre-Pep® is a concentrated water soluble fertilizer. Apply Stark® Tre-Pep® when you transplant trees, shrubs and roses to promote quick, early growth and establishment. Stark® Tre-Pep® is also fine for feeding transplanted flowers, vegetables and houseplants.

GUARANTEED ANALYSIS 22-24-12

Total Nitrogen (N)	22%	Iron (Fe)	0.10%
4.7% Ammoniacal Nitrogen		0.10% Chelated Iron (Fe)	
3.6% Nitrate Nitrogen		Manganese (Mn)	0.05%
13.7% Urea Nitrogen		0.05% Chelated Manganese (Mn)	
Available Phosphate (P ₂ O ₅)	24%	Molybdenum (Mo)	0.0005%
Soluble Potash (K ₂ O)	12%	Zinc (Zn)	0.05%
Boron (B)	0.02%	0.05% Chelated Zinc (Zn)	
Copper (Cu)	0.05%	Derived from: Urea, ammonium phosphate, potassium nitrate, iron EDTA, manganese EDTA, copper EDTA, zinc EDTA, boric acid and sodium molybdate	
0.05% Chelated Copper (Cu)			

USE ONLY AS DIRECTED

This product is primarily designed to be dissolved in water and applied during transplanting. It can also be used on established plants as well with excellent results. Do not use as a dry fertilizer.

Directions for transplanting trees, shrubs and roses: Pack soil firmly around the roots, leaving two (2) or three (3) inches of space on top of planting hole for liquid fertilizer solution. Pour in fertilizer solution and allow to soak in the soil. Dissolve one (1) tablespoon in one (1) gallon of water. Finish filling the hole with loose dirt.

For trees and shrubs use one (1) or two (2) gallons.
For roses use one (1) or two (2) quarts.

Directions for transplanting flowers, vegetables and houseplants: For transplanting flowers and vegetables into garden, dig a hole, place plant in the hole and backfill soil or soil mixture around plant roots making sure to keep existing soil level the same. Dissolve one (1) tablespoon in one (1) gallon of water and apply as a thorough watering to the plant roots.

For houseplants, transplant into a larger container to accommodate the root system making sure to plant at the existing soil level. After backfilling the pot with growing medium mixture, dissolve one (1) tablespoon per gallon of water and apply as a thorough watering.

LATER APPLICATIONS

May be applied at 10 day intervals at any time during the growing season for a quick feeding of trees and other outdoor plants.

WARNING: This fertilizer contains Molybdenum (Mo). Use of this product on forage crops may result in crops containing levels of Molybdenum which are toxic to ruminant animals. Information regarding the contents and levels of metals in the product is available on the internet at <http://www.aapfco.org/metals.htm>

CAUTION: Do not swallow. Avoid breathing dust. Avoid contact with eyes, open sores or cuts. Wash exposed skin thoroughly after use. KEEP OUT OF REACH OF CHILDREN AND PETS.
